

# A new way to pay

## Pay via smartphone, with Barclays Pingit

You can now place a Barnard Marcus auction deposit with your smartphone by using the Barclays Pingit app and you don't have to bank with Barclays to use it. With Pingit, you can pay up to £15,000 at a time, and make multiple payments in a day – so long as you have sufficient funds in your account.

Simply open the app on your mobile, select 'Scan a Code', and use the QR code reader built into the app to scan the QR code we present to you. All of the payment details will then be auto-populated in the app for you to confirm before tapping the pay button.

## How can I get Barclays Pingit?

If you are over 16 and have a UK bank account, it's easy to get Barclays Pingit on your phone and it's free to use. If you don't have the Barclays Pingit app, visit your App Store or you can get a link to download it by texting 'Pingit' to 62555\*

\*charges may apply depending on your network

## Getting ready for the auction

To make a quick mobile payment on the day of the auction, remember to register for Barclays Pingit in advance. And if you do not have a Barclays account, also remember to top-up your Pingit account.
